Died, July 19, 1899, Mr. John Baker, aged 80 years. Mr. John Baker has been a resident of Sullivan for 47 years. He was born in Wither, Norfolk, Eng. December 5, 1819, the same day Queen Victoria was born. He left England and came to America when 30 years of age. He became homesick, and returned remaining here 10 months and returned to England. After remaining there three months he caught the gold fever and embarked for Australia, where he remained 9 years, when he again set sail for England. His trip occupied 103 days on his return home. After a short visit to the home of his youth he started for America, whither his parents, brothers and sisters had journeyed during his stay in Australia. SAVED BY A POSTAL CARD.

Thousands who have written for one of the free trial bottles of Dr. David Kennedy's Favorite Remedy have literally had their lives saved by a postal card. They got the trial bottle, and it proved to them that Dr. David Kennedy's Favorite Remedy was the only real cure for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation. They bought a large sized bottle of their drug store and it benefited or cured them (the above is not an idle statement, but the result of careful investigation). You can do the same thing. If you are in doubt as to whether you have trouble with your Kidneys or Bladder, put some of your urine in a glass tumbler and let it stand 24 hours; if it has a sediment, or a milky, cloudy appearance, if it isropy or stringy, pale or discolored, you should lose no time in taking Dr. David Kennedy's Favorite Remedy; it can be had of all druggists at \$1.00 a large bottle, or six bottles for \$5.00. It is without question the surest medicine of the age to put a stop to such dangerous symptoms as pain in the back, a frequent desire to urinate especially at night, scalding burning pain in passing water, inability to hold urine and all the unpleasant and dangerous effects produced on the system by the use of whiskey and beer.

Send your full name and address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and be sure to mention this paper when a trial bottle, with pamphlet of valuable medical advice, will be mailed to you absolutely free. The publishers of this paper guarantee the genuineness of this liberal offer.

Created Apples in France.

There are apple growers at Montreuil, France, who furnish fruit bearing family crests. The apples are grown in paper bags. When the apples are about as large as hickory nuts the bags are slipped over them in order to protect them from the sun.

When they are nearly ripe, new bags are adjusted, with the crest cut out like a stencil on one side of the bag. The sun then colors the apple, leaving a green crest on a red apple or a red design on a green surface.—N. Y. Herald.

The hottest ship in the fleet around Cuba was said to be the St. Paul—not her upper works, but down in the hold. But she was not a marker to the Cincinnati, in whose hold temperatures as high as 205 degrees were registered.

In one of the forerooms was located a forced draft blower to which it was impossible to give proper attention on account of the intense heat. When Capt. Chester went below to investigate he had his face scorched. Water boils at 212 degrees.—N. Y. Press.

In Boston, Mass., people were congratulating a young person upon her approaching marriage.

"He's a fine catch!" they exclaimed, in delicate compliment of her future husband.

"Oh, a veritable cod!" she replied, with considerable enthusiasm, and then they blushed deeply to think how very boastful that must sound.—Detroit Journal.

A Training Table.

"Mrs. Hashem," said the star boarder, "I have a friend who wants to board with you."

"I can accommodate him, Mr. Smart," said the lady, delightedly. "I suppose you recommended our table?"

"Yes; that's what impressed him most. You see, he's a pugilist, and he wants to increase the length of his reach."—Catholic Standard and Times.

Unaccountable.

Emma—Charlie asked me to marry him last evening, and I had to refuse him, the dear fellow.

Ella—How did it happen?

"Of course I like Charlie, but as to marrying him—"

"I mean how did it happen that he asked you?"—Boston Transcript.

His Opinion.

"What is your idea of a silent partner?" was asked of a business oracle on the board of trade.

"He's the fellow that puts his money into a firm and keeps his mouth shut while it is being spent."—Detroit Free Press.
